Challenge 1: Ambuj's Essay

Ambuj and Raza are best friends. They decided to participate in a essay writing competition in which they had to write an essay on the topic of their choice ,the only constraint is the word limit which should not be less or greater than the given one. Raza collected all the details regarding that competition but forgot to share it with Ambuj. Now Ambuj is unaware of the word limit.

At night Ambuj asked Raza about the word limit but instead of just giving him the exact number Raza whatsapped his essay to Ambuj.

Now your task is to help Ambuj in finding the no of words present in Raza's essay.

INPUT:

Str-> string which indicates the essay content

OUTPUT:
